

ONCE MORE WONDER

Revolutionary system to increase hardness and enhance gloss naturally

SAMRATTM

Samrat's Once More Wonder is a revolutionary system that penetrates deep into the pores of a stone and markedly improves the stone's:

- Scratch hardness
- Structural hardness
- Weather resistance
- Abrasion resistance
- Stain resistance
- Gloss

Once More Wonder does absolutely no harm to the texture or color of the stone. It is compatible with all types of stones and is strongly recommended for softer stones such as Marbles and Sandstones to resolve a number of processing issues, improve weathering resistance and to induce permanent gloss and shine with zero risk of yellowing throughout the life of the stone.
