

SEALER SC-99

Waterproofing sealer for stone

SAMRATTM

Samrat's Sealer SC-99 is a waterproofing sealer that is applied onto the cemented side of the stone prior to installation. Once cured, **Sealer SC-99** prevents the absorption of water by the stone from the adhered substrate, thus helping the stone retain its aesthetic appeal by preventing the formation of wet patches. This in turn also prolongs the life of the stone.

Since, **Sealer SC-99** is applied on the non-visible side of the stone, the aesthetics of the stone remain unaltered.

Technical Data:

Parameter	Value
Viscosity of Part at 25°C	5 cP
Relative Density at 25°C	0.99
Aspect	Clear Liquid
Shelf Life When Kept Between 15°C - 35°C	12 months
Ambient Temperature	
VOC Content	Nil. EPA Compliant.
